We Listen We Respond We Deliver

CANINE SECURITY SOLUTIONS

Our dog & handler protection teams provide enhanced security to protect high-risk locations.

Why choose a canine security team?

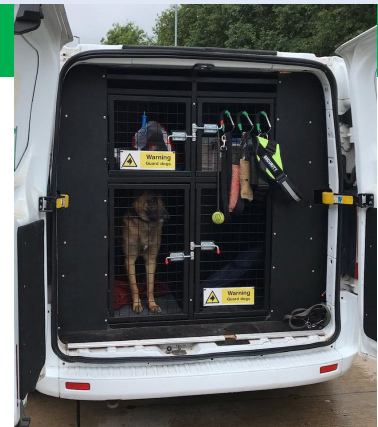

A single dog & handler team provides a more effective security solution than several static security officers, making it the ideal solution to supplement or replace traditional guarding arrangements.

- **Enhanced deterrent:** The physical presence of a security dog & trained handler poses a striking deterrent
- **Enhanced detection:** Dogs have heightened senses enabling them to detect intruders from distances over 300m
- **Reduced crime:** A canine security team is more effective at containing suspects, reducing violence & deterring criminal behaviours
- **Reduced risk:** With the capability to defend itself and its handler, a security dog is rarely engaged & reduces the risk of threat & harm to security officers

Trained, licensed & professional handlers

FRG handlers are:

- ✓ **Dedicated professionals working to a professional code of conduct and site-specific assignment instructions**
- ✓ **Highly Trained:** SIA Licenced and qualified by NASDU, NTIPDU or BIPDT
- ✓ **Fully uniformed with marked vehicles**
- ✓ **Routinely assessed through continuous training and certification**
- ✓ **Supported 24/7 by the FRG Control Centre**

SUITABLE FOR YOUR BUSINESS
