UNOCCUPIED PROPERTY**

CASE STUDY

UNAUTHORISED ENCAMPMENT INCIDENT RESPONSE

PARK ROYAL, LONDON

CLIENT

Property Management Company

THE LOCATION:

Vacant commercial units approx. 72,000sq ft including yard space in the heart of Park Royal with access to A40, M40 and M25.

FRG SECURITY ON SITE

- FRG SmartSite CCTV
- FRG Detect temporary monitored visual alarm system
- Remote monitoring from FRG Central Control Room
- 4.5 tonne concrete barrier blocks
- Weekly vacant property inspections

FRG PRODUCTS/ SERVICES USED

- FRG dog handler units
- FRG SmartSite CCTV
- FRG Detect temporary monitored visual alarm system
- Remote monitoring from FRG Central Control Room
- 4.5 tonne concrete barrier blocks
- Weekly vacant property inspections

THE SITUATION:

Friday evening – 6 unauthorised vehicles arrived on site and threatened to breach the newly refurbished units.

FRG'S RESPONSE:

FRG detected the threat and deployed 2 x dog handler units who arrive on site within 2 hours.

The situation escalated and FRG **upgraded to 6 dog handler units** to keep possession of the buildings.

THE RESULTS:

Under significant threat FRG held the site over the weekend until eviction took place on Monday. Fly tipping dumped by unauthorised vehicles removed.

In November 2018 FRG won the tender to supply AXA customers nationwide with security, facilities management and fire protections services.
