ABOUT FRG

OUR UNIQUE APPROACH

Expert support from start to finish, ensuring compliance, transparency, and continuous improvement.

Unique challenges? Solved. Cutting-edge tech, upskilled staff and agile service delivery.

We save you money, prevent losses, streamline operations, and enhance your reputation.

MAKING SECURITY A TRUSTED PART OF YOUR TEAM

WE LISTEN
WE RESPOND
WE DELIVER

Founded in 2007, First Response Group (FRG) is a leading site security specialist offering comprehensive services nationwide.

We provide expert security solutions throughout the entire project lifecycle, ensuring the highest standards of protection and peace of mind for our clients. Committed to reliability, innovation, and tailored approaches, FRG meets the unique needs of every project with precision and care.

Our extensive experience includes supporting major national infrastructure projects, such as critical rail and road schemes, large-scale design and build projects, and major utilities initiatives. This diverse portfolio demonstrates our capability to handle complex and high-stakes environments, providing robust security solutions that ensure the seamless execution and protection of vital infrastructure.

FULL LIFECYCLE PARTNERSHIP

SECURITY PERSONNEL SOLUTIONS

We recognise the unique security needs of construction projects and offer specialist personnel to meet these challenges and proactively ensure site safety. Our security officers are trained to provide exceptional protection and maintain the safety of valuable assets, materials, and equipment on-site, minimising potential losses and project downtime.

- Security officers
 - Traffic marshal & gatehouse services
 - Canine units
 - Mobile security patrols
 - Keyholding & callout services
-
- Full uniform and site-specific PPE
 - Enhanced DBS checks
 - Fully trained & First Aid qualified
 - Drug & alcohol compliance
 - Advanced First Aid upskilling as required

SCREENED, VETTED AND TRAINED

Our SIA licensed security officers undergo stringent recruitment & vetting processes prior to working on site.

FRG are proud to be an ACS Pacesetter. Only Approved Contractor Scheme security guarding companies scoring in the top 15% in Security Industry Authority (SIA) benchmarking and assessments are eligible to join this elite group.

NSI GUARDING GOLD

NSI Guarding Gold is the mark of approval for the elite reflecting our commitment to high standards of service, integrity, technical expertise and professionalism.

TECHNOLOGY SOLUTIONS

we leverage advanced technology to enhance the security of construction sites. Our innovative solutions provide comprehensive monitoring and rapid response, ensuring that your site is protected around the clock.

PERMANENT CCTV INSTALLATIONS

FRG SMARTSITE HD PRO

- Simple configurations or bespoke, integrated systems
- Clear HD images
- 30m detection range
- Advanced video analytics
- Night vision capabilities
- Thermal and time lapse options
- Wireless options available

TEMPORARY CCTV SECURITY TOWERS:

FRG SMARTSITE TOWERS

- 6m tall – striking visual deterrent
- 3 fixed cameras = full 360° surveillance
- Customisable technology - including ANPR
- Live audio challenge
- HD imagery - day and night
- Fully weatherproof
- 24/7 monitoring by FRG NSI Gold accredited Control Room

Mains powered, solar, and methanol hybrid options available

WIRELESS VISUAL ALARM SYSTEMS

FRG SMARTSITE DETECTPLUS

- 24/7 operation
- Visual confirmation every time
- 30m detection range
- Battery and solar powered
- Wireless connectivity
- Built in analytics = no false alarms
- Fast, simple installation

MOBILE PERIMETER INTRUDER DETECTION

FRG DETECTPLUS M-PIDS

The DetectPlus M-PIDS (Mobile Perimeter Intruder Detection System) redefines temporary site security with its seamless fusion of cutting-edge wireless detection technology and FRG's crime deterrence expertise.

Designed specifically for construction and infrastructure projects of any scale across the UK, the DetectPlus M-PIDS ensures heightened security while delivering **substantial cost savings** compared to traditional CCTV towers.

- 70m total range - omnidirectional surveillance
- Wireless - solar and battery powered
- Enhanced HD imagery - day & night
- AI analytics - false alarm filtering
- Optimum sensor height
- Rapid deployment
- Striking visual deterrent - 2.3m tall
- Mobile & scalable
- Tamper-proof
- 24/7 monitoring by FRG NSI Gold Control Room

A single M-PIDS unit can often achieve the effective range of up to four competitor units with shorter range.

ACCESS CONTROL SYSTEMS

Customised access control systems tailored to your site's specific requirements restrict entry to authorised personnel and vehicles only.

- **Touch free Biometrics** – Reliable, resilient & data protection compliant
 - **Proximity systems** – Full range of cards, tokens and keypads
 - **Intercoms** – Wired or wireless with audio and/or video
 - **Turnstiles** – Full or half height
 - **Vehicle barriers** - Automatic ANPR or manual
-
- Admin training including ID creation
 - Integrate with existing systems and mobile apps
 - Wide range of reporting capabilities

NSI NACOSS GOLD

NSI NACOSS Gold is the premier electronic security systems scheme designed for companies who meet the industry's highest technical standards and maintain a commitment to continual improvement.

FIRE PROTECTION SOLUTIONS

FRG SMARTSITE WIRELESS FIRE ALARMS

- Easy to use and low maintenance
- HSE Compliant
- Fast install – no special equipment required
- Link up to 127 alarm units – grows with your project
- Easy to reposition – housed on mobile fire post stations
- Combined first aid assistance – call for help without site wide evacuation
- Optional heat detection for early warning
- Fault monitoring & tamper proof
- Integrate with site safety and security systems

WHY FRG?

- Construction and infrastructure security specialists
- Nationwide delivery
- Consultative approach with full lifecycle support
- Innovative and agile service delivery
- Comprehensive Solutions designed to solve your challenges and save you money
- Regulatory and insurance compliance experts
- Free and fast no obligation site surveys
- Risk assessments sent direct from site
- Highly accredited and award winning
- Socially and environmentally responsible
- Industry leaders supporting national projects
